Sunday 1:00 pm - 4:00 pm

Doggone It!

Some people really don't like surprises—especially when they step in them. Please do your neighbors a favor and remember to pick up after your pets. Not only is it the right thing to do, but it also keeps our property looking great. Thanks for your cooperation.

2019 Highland County Maple Festival

The Highland Maple Festival is the second largest Maple Festival in the U.S. and celebrates the southernmost commercial Maple Syrup producing region in the nation. Visit our Highland Maple Festival on March 9 & 10 and March 16 & 17 to learn about our unique maple industry!

Each year, tens of thousands of visitors are drawn to this unspoiled, rural region of Virginia to celebrate the "opening" of the trees and observe the process of maple syrup-making. Sugar camp tours provide a unique and educational experience that portrays a rapidly vanishing way of American life.

Visit <http://www.highlandcounty.org/events/maple-festival/> for vendors information, food, directions and more!

Club Card Spotlight

Present your Cathcart Club Card to the participating businesses in order to receive your discount.

New Member

Did you know there is a RentCafe App for Android and Apple devices? Simply download the app; use the same user name and password that you use to log into The Reserve at Stone Port website portal!

The RentCafe App allows you to set up automatic payments, make one-time payments, and even submit work orders!

Need assistance using the online portal or app? Come by the office during business hours and we would be happy to assist you. You can also email smendoza@liveatstoneport.com or epope@livetatstoneport.com with questions.

Craft Night

We will be holding our first Craft Night by Creative Art on 3/7/19 from 6:00 pm - 8:00 pm. This will be a paid event with limited space. Keep an eye out for registration information that will be sent via email!

Science Sunday for Girls

Join the John C. Wells Planetarium for February's Science Sunday for Girls!
March 10th 2:00 pm - 3:30 pm

We are so excited to partner with the Association for Women Geoscientists this month! We will be learning about plate tectonics and doing a fun activity about Pangea. If there is extra time, we will watch Dynamic Earth on our dome.

Our program will be held at the John C. Wells Planetarium. The John C. Wells Planetarium at James Madison University is a \$2 million, state-of-the-art, hybrid facility. We can only hold up to 72 spaces in the planetarium, parents can feel free to stay and sit in if room allows for it. We hope to see you there!

See our FAQs: <http://www.jmu.edu/planetarium/sciencesunday.shtml>

This is a FREE, once a month event where girls in K-12 grades can come out and learn about science in an engaging, interactive, and hands-on way! This event features hands-on science activities and projects. Come on out and see what it is all about!

John C Wells Planetarium, 91 E Grace St, Harrisonburg, VA 22807, USA

Go Green on March 17

St. Patrick's Day on March 17 is a time when many people claim kinship with the Emerald Isle and hope for the luck of the Irish. No matter your ancestry, you may be interested in the following facts and figures.

- The first New York City St. Patrick's Day parade occurred in 1762. The current parade lasts five to six hours and is attended by nearly 2 million spectators every year.
- In addition to a parade, Chicago celebrates St. Paddy's Day by turning the Chicago River green. It takes 45 pounds of powdered dye to accomplish the festive feat.
- About 55 percent of people in the U.S. celebrate St. Patrick's Day in some way, spending a total of \$5 billion on the holiday.
- An estimated 34 million Americans have Irish ancestry. That's more than seven times the population of Ireland.
- Towns that seem especially suited to celebrate the holiday include Shamrock, Texas; St. Patrick, Mo.; Dublin, Ohio; Ireland, W.Va.; Emerald Isle, N.C.; and Irishtown, Ill.
- Over 650,000 babies born in the U.S. in the last century have been named Patrick. The name means "nobleman."
- Your odds of finding a four-leaf clover are about 1 in 10,000.
- According to legend, when they aren't guarding their pots of gold, leprechauns spend their days making and mending shoes.
